Storyboards

Please complete this form for **EACH PAGE** of your Website and **EACH PAGE/SCREEN** of your mobile app. Each should have a minimum of five (5) internal pages/screens for a total of ten (10). Do not worry if you think you will change your mind about your site. This is just a starng point! You will very likely revise as you go along.

Storyboard Form

Your Name: Corbin Beck	
Page Title: Home	File Name: HomeBoGSite
Descripon of Copy Text (What the text will accomplish on this page?)	The home page will be quite literally a homepage. Links to other sites, such as discord and trello will be here, hidden links to other pages at the top will be provided. Main accomplishment for the homepage will be an organized page with the ability to visit sub sites.
Links on the Page:	Discord link, Trello link, 5 "hidden" links at the top of the screen which will be present in each screen (Home, About, Gallery, Contact, and Support Us). Possibly will add an outside donaon link next to the discord. In the future, a link to the steam page will be provided here as well.
User Interacon (Navigang only or navigang plus opportunity to contribute?)	Navigaon only
Graphical Elements/Images (Descripon plus file name)	Gameplay images, logo
Color Specs:	Background image, fading into a gold or dark green background with black.
Font Specs:	Light gray, easy to read font throughout the enre page.

Aer providing the above informaon, provide a sketch of the page.

Storyboard Form	
Your Name: Corbin Beck	
Page Title: About	File Name: AboutBoGSite
Descripon of Copy Text (What the text will accomplish on this page?)	The about page will be really simple and just have a few paragraphs explaining the game/company's vision.

Links on the Page:	No links except for navigaon menu
User Interacon (Navigang only or navigang plus opportunity to contribute?)	Navigaon only
Graphical Elements/Images (Descripon plus file name)	No graphical elements asides from background image/color
Color Specs:	Background image, fading into a gold or dark green background with black.
Font Specs:	Light gray, easy to read font throughout the enre page.

Aer providing the above informaon, provide a sketch of the page.

Storyboard Form	
Your Name: Corbin Beck	
Page Title: Gallery	File Name: GalleryBoGSite
Descripon of Copy Text (What the text will accomplish on this page?)	The gallery will be just that; a gallery of images of gameplay. Underneath each image will have a short descripon of said image.
Links on the Page:	No links except for navigaon menu
User Interacon (Navigang only or navigang plus opportunity to contribute?)	Navigaon only

Graphical Elements/Images (Descripon plus file name)	Background image/color, between 4-6 in-game images to start with more being added as updates are added.
Color Specs:	Gold or dark green background with black.
Font Specs:	Light gray, easy to read font throughout the enre page.

Aer providing the above informaon, provide a sketch of the page.

Storyboard Form	
Your Name: Corbin Beck	
Page Title: Contact	File Name: ContactBoGSite
Descripon of Copy Text (What the text will accomplish on this page?)	The contact page will give users a way to contact the game company. I would like it to be in the form of a form where users input their name, email address, and inquiry rather than providing an email address.
Links on the Page:	No links except for navigaon menu (if form fails, email and discord link will be provided)
User Interacon (Navigang only or navigang plus opportunity to contribute?)	Navigaon and UI
Graphical Elements/Images (Descripon plus file name)	No graphical elements asides from background image/color
Color Specs:	Background image, fading into a gold or dark green background with black. Form will probably be black with the green or gold outside of it.

Font Specs:	Light gray, easy to read font throughout the enre page.

Aer providing the above informaon, provide a sketch of the page.

Storyboard Form	
Your Name: Corbin Beck	
Page Title: Support Us	File Name: SupportBoGSite
Descripon of Copy Text (What the text will accomplish on this page?)	The support us page will have links to various sites and provide users with where and how to support game producon, along with benefits of doing so.
Links on the Page:	Link to discord and an outside donaon link or patreon (have yet to decide on funding as we are just enjoying ourselves at the moment)
User Interacon (Navigang only or navigang plus opportunity to contribute?)	Navigaon only
Graphical Elements/Images (Descripon plus file name)	Graphical elements/images for the discord link and outside donaon link.
Color Specs:	Background image, fading into a gold or dark green background with black.
Font Specs:	Light gray, easy to read font throughout the enre page.

Aer providing the above informaon, provide a sketch of the page.

Storyboard Form

Your Name: Corbin Beck	

Page Title: Main Menu	File Name: MainMenu

Descripon of Copy Text (What the text will accomplish on this page?)	Main menu will have everything a game main menu needs. A play buon, sengs, and quit buon. There will also be buons to the side that are linked to our website and discord.
Links on the Page:	Play, sengs, credits, quit, website link, discord link
User Interacon (Navigang only or navigang plus opportunity to contribute?)	UI
Graphical Elements/Images (Descripon plus file name)	Background image along with images to make the buons not look like gray boxes.
Color Specs:	Background image different colored buons depending on purpose (quit is red, play is green)
Font Specs:	Similar to the website. Might give them a slight swamp green nt.
Aer providing the above informaon, provide a sketch of the page.	

Similar look to character selecon with different text in the end

Storyboard Form

Your Name: Corbin Beck	

Page Title: Character Selecon Screen	File Name: CharacterSelecon

Descripon of Copy Text (What the text will accomplish on this page?)	The character selecon screen will allow players to choose a character facon and from there they will have opons to choose the species, gender, color paerns, and more. For now only the humanoid and terrestrial buons will work
Links on the Page:	Buons to Humanoid, Terrestrial
User Interacon (Navigang only or navigang plus opportunity to contribute?)	UI
Graphical Elements/Images (Descripon plus file name)	4 buon images for each class along with a 5th to return to the main menu
Color Specs:	Black screen
Font Specs:	Swampy-mint green font when hovered over gets brighter.

**Aer providing the above informaon, provide a sketch of the page.**

Storyboard Form

Your Name: Corbin Beck	

Page Title: Species Selecon x4	File Name: Humanoid

Descripon of Copy Text (What the text will accomplish on this page?)	The species/true character selecon screen will have mulple different opons for choosing a species, gender, paern, and color. There will 4 of these each exactly the same in nature except for background image and types which will correspond with the character subsecon of Humanoid, Terrestrial, Aquac, and Aerial
Links on the Page:	Buons for species, gender, paern, color, play, and back
User Interacon (Navigang only or navigang plus opportunity to contribute?)	Heavy UI and customizaon
Graphical Elements/Images (Descripon plus file name)	Borders to buons, border around the screen, preview of character
Color Specs:	Background image corresponding to sub character categories (aquacs get a sea background, terrestrial get a plains one, etc

Font Specs:	Swampy-mint green font when hovered over gets brighter.
